## **USGA RULES OF GOLF EFFECTIVE OCTOBER 2023**

### ***TEMPORARY LOCAL RULE GRANDVIEW GOLF COURSE***

All desert areas are deemed to be No Play Zones.

Play is prohibited from these areas and golf carts are not permitted to drive in them. Rule 16.1f, free relief **MUST** be taken from interference by a No Play Zone in an Abnormal Course Condition (all desert areas on the course). Relief **MUST** also be taken when a No Play Zone interferes with stance or swing for a ball anywhere on the course except a penalty area.

Any portion of a cart path that is adjacent to a desert area is considered part of the No Play Zone.

Rule 16.1 Abnormal Course Conditions (Including Immovable Obstructions), provides the relief procedure to be used.

Proposed by Golf Committee member Thomas Wohlgemuth, USGA Rules Official.

Voted on and accepted by Golf Committee during October meeting.
